## PROFESSIONAL SUMMARY

---

Frontend Engineer with 4+ years of hands-on experience building scalable, high-performance web applications using React, Next.js, and TypeScript. Strong experience in API-driven development, reusable component design and complex form workflows in production-grade environments. Proven ability to collaborate with designers, backend engineers and product teams to deliver reliable, user-centric, production-ready features.

## PROFESSIONAL EXPERIENCE

---

### Frontend Engineer | DLT APPS, Bangalore | May 2022 – Present

- Developed and maintained scalable frontend applications using React, Next.js, and TypeScript within an Nx monorepo.
- Built reusable UI components using Material UI to improve consistency and accelerate development cycles.
- Integrated RESTful APIs using Axios and React Query for efficient data fetching and caching.
- Implemented complex forms utilizing React Hook Form with Yup and Zod validation to ensure reliable data handling and smooth user experience.
- Contributed to the development and maintenance of the company's public-facing marketing website using Next.js, integrating content from Strapi CMS via GraphQL with a focus on performance.

### Web Developer | Logicloop Ventures, Andheri, Mumbai | Jan 2020 – May 2020

- Built responsive and cross-browser compatible web interfaces using semantic HTML, CSS/SCSS, Bootstrap, and JavaScript.
- Applied clean, maintainable UI practices with a focus on performance, accessibility, and cross-browser consistency.
- Collaborated in team-based frontend projects using Git and GitHub for version control, branching and code reviews.

### Executive | Lumina Datamatics, Andheri, Mumbai | Aug 2017 – Feb 2019

- Reviewed and corrected XML content for web articles, ensuring accuracy and consistent UI rendering.

### Data Analyst | Anglo Tech Pvt Ltd, Thane | May 2017 – Aug 2017

- Validated and corrected structured XML data to ensure accurate and consistent UI display.

## PROJECTS

---

### Stock Dashboard Application | [Live Demo](#)

- Built a stock dashboard application using Next.js featuring authentication and form handling.
- Integrated external APIs for real-time data visualization and deployed the application on Vercel.

## TECHNICAL SKILLS

---

- **Frontend:** JavaScript (ES6+), TypeScript, React, Next.js
- **State Management & Data Fetching:** Redux Toolkit, Zustand, React Query, Axios, GraphQL
- **Forms & Validation:** React Hook Form, Yup, Zod
- **UI & Styling:** HTML5, CSS3, SCSS, Tailwind CSS, Material UI
- **Architecture & Tools:** REST APIs, Strapi CMS, Nx Monorepo
- **Version Control & Design:** Git, GitHub, Bitbucket, Figma

## EDUCATION

---

- **Bachelor of Science in Computer Science** | Rajarshi Shahu College, Latur | 2011-2016
